PROFESSIONAL SUMMARY

Enterprise architect and platform leader with 22+ years driving enterprise CRM, AI, and technology-enabled business transformation across 9 industries and global, multi-region programs. Proven at leading complex, cross-functional initiatives – aligning product, engineering, architecture, and C-suite stakeholders – and **driving platform adoption at scale**: 700+ users across a 12-country rollout, 500+ agents onboarded, a **60% reduction in quote-to-order cycle time**, and **multi-million dollar platforms** for Fortune 500 clients including Northern Trust, Bank of New York Mellon, Premera Blue Cross Blue Shield, and American Airlines. Deep expertise in Microsoft AI (Copilot Studio, Agentic AI, Azure AI Foundry), Dynamics 365, Power Platform, cloud integration, and **data governance & compliance (GDPR, CCPA, HIPAA)** – with a recurring focus on modernizing legacy CRM landscapes (Oracle Siebel) into cloud-first, AI-native architectures. Recognised as Cognizant's **#1 Global Digital Leader (Top 30 worldwide)**, awarded the Cognizant Platinum Award, and an authorised trainer for **Microsoft's Copilot Acceleration Team (Power CAT)**.

CORE COMPETENCIES

Governance & Compliance:	GDPR, CCPA, HIPAA, data privacy, AI governance, audit & regulatory controls		

PROFESSIONAL EXPERIENCE

Cognizant Technology Solutions

2014 – Present | Dallas, TX

Principal Technology Architect · Microsoft AI & Power Platform Practice

Northern Trust

Financial Services · $1.3T AUM · Principal Technology Architect

- Led a **multi-workstream D365 portfolio**, aligning business, engineering, and service-team stakeholders and driving **adoption across global service teams** – 700+ shared mailboxes onboarded into automated email-to-case routing, eliminating manual triaging
- Migrated Salesforce Global Foreign Exchange platform to D365 Asset Servicing – delivering **$300K+ in annual Salesforce licence savings**
- Built D365-Marketo integration via custom connectors for unified wealth management campaign targeting; **600+ users onboarded**; Cisco CTI (screen-pop, click-to-dial, automatic call logging) for global contact centre
- Consulted with **Microsoft** on the design of a **Global Sales Target Operating Model**

Bank of New York Mellon

Financial Services · Senior Technology Architect

- Greenfield D365 Customer Service & Avaya CTI implementation; **500+ agents onboarded**; **28% reduction in AHT** (3 min/call saved) via CTI screen-pop
- Custom PCF controls for institutional banking UI/compliance; **100% call-to-case traceability** across all agent interactions

Premera Blue Cross Blue Shield

Healthcare · 2M+ Members · Senior Technology Architect

- D365 Customer Service + Genesys Cloud CX CTI (ISV connector); **400+ agents onboarded**; **30% AHT reduction**; HIPAA-compliant audit trails and SLA breach alerting for state regulatory compliance
- Power Automate flows for case escalation, member callback scheduling, and benefit inquiry routing

Global Automotive Technology Leader (Anonymised)

Automotive · 90+ Countries · Technology Architect

- Led a **multi-region platform rollout** (D365 Sales) across **12 countries** – aligning competing regional priorities and technical constraints into a single governed roadmap
- Drove **adoption to 700+ users** with a **60% reduction in quote-to-order cycle time** across 30+ integration touchpoints (CPQ + Salesforce via Azure API Management & Service Bus)

American Airlines (in collaboration with Deloitte Consulting) Airlines · AAdvantage Loyalty · Technology Architect

- Technology Architect on the world's most complex airline loyalty platform – **AAdvantage** – built on Oracle Siebel CRM
- Independently architected three revenue applications: **Winback** (status-match acquisition), **Retain** (loyalty tier defence), and **Proactive** (mile-expiry prevention & monetisation) – delivering **multi-million dollar revenue impact**
- Delivered **11% reduction in Average Handle Time (AHT)** for AAdvantage Call Center; Siebel Open UI showcased at **Oracle Open World**
- Led GDPR (Europe) and CCPA (California) compliance implementations

Infosys Limited 2008 – 2014

Technology Lead · Oracle Siebel CRM Practice

- Delivered greenfield and maintenance Oracle Siebel CRM implementations for global manufacturing leaders including **Cummins** and **Diebold**, plus telecom and enterprise-services clients – progressing from Developer to Technology Lead
- 3× Infosys SPOT Awards (2010–2013) for Siebel Open UI POC, offshore delivery, and complex customisation

Tech Mahindra 2005 – 2008

Software Developer · Telecom CRM

- Developed bespoke Visual C++ CRM application for **British Telecom**'s Order Management module; Delivery Excellence Award (2008)

Self-Employed 2004 – 2005

Web Developer · Loyalty & CRM

- Built a custom customer loyalty & CRM web application (ASP.NET) for a real-estate business – the starting point of a CRM-focused career
