Cognizant Technology Solutions

2014 – Present | Dallas, TX

Principal Technology Architect · Microsoft AI & Power Platform Practice**Northern Trust**

Financial Services · \$1.3T AUM · Principal Technology Architect

- Led multi-workstream D365 transformation: onboarded **700+ shared mailboxes** into automated email-to-case routing, eliminating global manual triaging across service teams
- Migrated Salesforce Global Foreign Exchange platform to D365 Asset Servicing — delivering **\$300K+ in annual Salesforce licence savings**
- Built D365–Marketo integration via custom connectors for unified wealth management campaign targeting; **600+ users onboarded**
- Delivered Cisco CTI integration (screen-pop, click-to-dial, automatic call logging) for global contact centre
- Provided strategic consulting to **Microsoft** on the design of a **Global Sales Target Operating Model**

Bank of New York Mellon

Financial Services · Senior Technology Architect

- Greenfield D365 Customer Service & Avaya CTI implementation; **500+ agents onboarded**
- Delivered **28% reduction in Average Handle Time (AHT)** via CTI screen-pop; 3 minutes saved per call
- Developed custom PCF controls for institutional banking UI/compliance requirements; achieved **100% call-to-case traceability**

Premiera Blue Cross Blue Shield

Healthcare · 2M+ Members · Senior Technology Architect

- D365 Customer Service + Genesys Cloud CX CTI (ISV connector); **400+ agents onboarded**
- Achieved **30% reduction in AHT**; configured HIPAA-compliant audit trails and SLA breach alerting for state regulatory compliance
- Built Power Automate flows for case escalation, member callback scheduling, and benefit inquiry routing

Global Automotive Technology Leader (Anonymised)

Automotive · 90+ Countries · Technology Architect

- D365 Sales global rollout across **12 countries**, integrated with CPQ engine and Salesforce via Azure API Management & Service Bus
- **700+ users onboarded; 60% reduction in quote-to-order cycle time**; 30+ automated integration touchpoints

American Airlines (in collaboration with Deloitte Consulting)

Airlines · AAdvantage Loyalty · Technology Architect

- Technology Architect on the world's most complex airline loyalty platform — **AAdvantage** — built on Oracle Siebel CRM
- Independently architected three revenue applications: **Winback** (status-match acquisition), **Retain** (loyalty tier defence), and **Proactive** (mile-expiry prevention & monetisation) — delivering **multi-million dollar revenue impact**
- Delivered **15% reduction in Average Handle Time (AHT)** for AAdvantage Call Center; Siebel Open UI showcased at **Oracle Open World**
- Led GDPR (Europe) and CCPA (California) compliance implementations

Infosys Limited

2008 – 2014

Technology Lead · Oracle Siebel CRM Practice

- Delivered multiple Oracle Siebel CRM implementations (greenfield and maintenance) across telecom, manufacturing, and enterprise services over 6+ years
- Operated across roles: Technology Lead, Siebel Developer, Configurator, and Administrator — building the CRM platform depth that anchored senior architect roles at Cognizant
- SPOT Awards: Siebel Open UI POC (2013), Offshore Delivery Lead (2011), Complex Siebel Customization (2010)

- Developed bespoke Visual C++ CRM application for **British Telecom**'s Order Management module
- Delivery Excellence Award (2008)
